Dear Denise:

I just want to Thank you, (again?) for
bringing that lovely Christmas plant/arrangement
out to our house, along with Dan. (And, for your
very nice letter, — and ^{the Trail's End Caramel Corp} crunchies, — too.) I was sorry
not to see you, for a chat; but, am always "behind",
these days. (It doesn't help: to be "78, these days: but,
almost everybody is ^{or} gets there). Hearing goes; eyesight
goes; and, especially, brain.

Springtime flowers blossom around George Washington Statue
at the west entrance to the Boston Public Garden.
